

# Asari Education Academy Group signs agreements with educational institutions in Thailand

We are pleased to announce that on Wednesday, August 28, 2024, Asari Education Academy Group signed an agreement with Tonkla School in Chiang Mai, Thailand. Through this partnership, we will learn from each other and aim to provide higher quality education through exchange programs for teachers and staff.

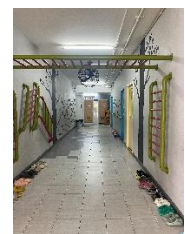

After signing the agreement, we were given a tour of the facility, a demonstration class, and a chance to exchange ideas with teachers. The school's facilities are designed in such a way that children can play and have fun, ensuring play is at the center of learning.

## ▼ Facility tour (28th)

The children showed us a welcome song and dance. They had been practicing Japanese songs for two weeks in preparation for this day. We were happy to see the children sing and dance so well.

The children enjoyed mountain climbing and athletic activities. We also tried it out and it was really nice to play in nature.

### ▼Demo class (28th)

The children made origami, played physical activities and danced around the theme of playing ninja. The “Shuriken Ninja” song and dance was very much enjoyed not only by the children but also by the teachers, and we heard many comments saying they wanted to do it again.

### ▼Opinion exchange (28th)

We had time to exchange ideas with the teachers. It was a great time to deepen interaction by asking questions about each other's schools and our impressions of visiting Tonkla School. We would like to provide opportunities to interact with the staff and actively exchange information and opinions so that the next time they visit Japan, they'll also have many good learning opportunities.

### ▼School birthday party (29th)

We attended the 15th anniversary party of Tonka School. The theme of the party was “gratitude,” and it was wonderful to see the thank-you cards written by all the participants, including children, parents, and staff.
